## Meet the Kurland Family

My son was born prematurely at 26 weeks. I lived over 2 hours away from the hospital. The Ronald McDonald House of Danville gave me the ability to stay close to my son while my husband was working full time back at home. For the 120 days that we were at the Ronald McDonald House, the staff welcomed me and made me feel at home while I was so far from my own family and loved ones. My son's NICU stay was scary but with the Ronald McDonald House, it was a little less scary! The Ronald McDonald House isn't just a 'house' but a home for anyone that needs to stay. Thank you to the Ronald McDonald House and staff!
